**Around the World Magazine**

**March, 2018**

Hi, my name is Gita. I'm eleven years old. I don't live in a city or a village like many other children. I live on a boat in the sea near India.

I don't walk or ride a bike to school because my school is on a boat too. My friends and I swim to school every morning. At school we build boats together with our teacher. We also learn how to catch fish.

Every afternoon I help my parents catch fish. I'm a very good swimmer and can swim under water for a long time. Sometimes I swim in very deep\* water to catch big fish.

Tomorrow I'm going with my family to the city for the first time. I want to help my parents sell fish in the market. I'm excited to see the houses and shops there. I hope we sell all the fish we have!
